

Broadcast live TV the best way possible

Presenting our TV Outside Broadcast (TVOB) capabilities

Get your broadcasts to where you want them in the **highest quality**.

Deliver your content in:

We're certified by the DPP for security and sustainability

We're committed to reducing our environmental impact. And your content is safe in our hands with our BISS or marketing-leading BISS-CA encryption.

We know a thing or two

- We're experts across the scale, from one-day simple satellite events to multi-uncompressed fibre delivery.
- We provide you with access to the UK's highest capacity network.
- Deliver on the go with our new portable Flightcase solution.
- Our experienced engineers will manage the connectivity, leaving you free to focus on your production.
- Our remote production solutions are tried and tested, including the broadcasts of English Premier League football games.
- We've also been supporting broadcasters for more than 60 years.
- And leading the way in UHD, but now we can better support a broader range of events delivered in high-quality.
- The best news? We have a range of pricing options so you can find the perfect package.

Pick 'n' Mix TVOB commercial packages

	Event tier	Picture quality	Resilience	Compression	Security	Delivery method
Platinum	High	UHD, HDR	Full 1+1 ≤	JPEG XS or Uncompressed	BISS-CA, DPP certified	Dual fibre or dual satellite
Gold	Medium	HD, HDR or UHD	1+0 Access, 1+1 Core	HEVC or TICO	BISS-CA, DPP certified	Hybrid
Silver	Low	HD	1+0	MPEG, J2K	BISS, DPP certified	Single satellite, single fibre or microwave

Please note: Service Tiers are for illustrative purposes only and do not have to be purchased as a whole. Combine elements from different tiers to create a broadcast that suits you. Latency times will vary depending on the equipment used. Delivery method will vary on picture quality, resilience and compression types available. All services are subject to availability and agreed design. **Find out some of examples of how it works on next page.**
